

Spring Schools' Out Camp

Spring Break STEAM K-5 Camp

Monday, March 21 – Friday, March 25, 2021

9:00am – 4:00pm (Before Care 8:00-8:00am and After Care 4:00-5:30pm)

Members: \$190

Not-Yet-Members: \$240

Explore STEAM (Science, Technology, Engineering, Art, and Math) through fun, hands-on activities during Winter Break. Campers also get to choose 2 STEAM Clubs (one morning and one afternoon) to attend throughout the week for specialized activities in smaller groups! Clubs are limited to 12 campers per club on a first come, first serve basis.

Clubs:

AM Cryo Scientists: Explore the colder side of science as you experiment with dry ice and liquid nitrogen! End the week with fizzy ice cream made with dry ice and Dippin' Dots made with liquid nitrogen!

AM Fab Lab: T-Shirt Artists: Make an assortment of shirts using stencils, tie dye, heat transfer vinyl, and color changing ink!

PM Electric Engineers: Learn all about electricity as you build circuits with Snap Circuits, use Sci Fi Tubes to create crazy circuits, design paper circuits that light up, and use play dough to make Squishy Circuits!

PM Soda Scientists: Learn how to make silly, fizzy, colorful drinks- and how to use soda bottles for fun experiments like rockets, elephant toothpaste, and more!
