

## Offsite Camp Assistant Application

For Office Use Only: Date Application Rcv'd: _____ Approval: _____
--

IMAG History & Science Center is hiring Camp Assistants for our 3 offsite satellite summer camps. As a Camp Assistant, you will be responsible for inspiring kids (rising 3<sup>rd</sup> – 5<sup>th</sup> grade) to engage in hands-on STEM, art and history activities. Haven't taught camp before? Not a problem! We provide the training you need before camp starts. The ideal candidates are passionate about STEM, art and/or history, and have the proper classroom management skills to make camp-learning fun and exciting. Applicants will complete a general application and submit a resume to be considered for an in-person interview.

**Core Responsibilities:** Camp Assistants will assist Camp Instructors in providing developmentally-appropriate instruction in STEM, art and/or history curriculum. Help organize and prepare camp supplies. Serve as a role model for campers in appropriate behavior, language, attitudes, and activities. Assist with pre/post camp duties.

**Job Requirements:** Must be 18 or older. AA/AS degree and teaching experience in STEM or history subject areas, after school programs and/or camps preferred. High school graduates with after school and/or camp teaching experience will be considered. First Aid & CPR certifications preferred.

**Compensation:**

Weekly compensation of \$400, based on a 40/hr week (8:00am-4:30pm). Pay will be prorated for missed hours/days.

**Mandatory Training Dates:**

General Training/Orientation is May 21<sup>st</sup>, 2022 from 9:30-12:30pm. At the general training, we will go over camp policies and procedures, tour of the museum and classrooms, and meet the Camp Instructors and Junior Camp Assistants assigned to your camps. If you are unable to attend, you will be provided with a virtual training option instead.

All camp assistants will also be required to complete one-on-one training with the Senior Director of Awesome prior to camp starting for each camp they have been assigned. Assistants will not be allowed to work in camp without completing the one-on-one training. These training sessions will be arranged individually. During individual trainings, you will receive curriculum for your assigned week and learn how to use the associated technology and equipment needed for your camp.

	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Week 8	Week 9	Week 10
