

Offsite Camp Instructor Application

For Office Use Only: Date Application Rcv'd: _____ Approval: _____
--

IMAG History & Science Center is hiring Camp Instructors for our offsite satellite summer camps. As a Camp Instructor, you will be responsible for inspiring kids (rising 3rd – 5th grade) to engage in hands-on STEM, art and history activities. Haven't taught camp before? Not a problem! We provide the training you need before camp starts. The ideal candidates are passionate about STEM, art and/or history, and have the proper classroom management skills to make camp-learning fun and exciting. Applicants will complete a general application and submit a resume to be considered for an in-person interview.

Core Responsibilities: Provide developmentally-appropriate instruction in STEM, art and/or history curriculum. Serve as a role model for campers in appropriate behavior, language, attitudes, and activities. Assist with pre/post camp duties.

Job Requirements: Bachelor's degree and teaching experience in STEM or history subject areas preferred, but related experience can be substituted. Currently be employed with a local school district or charter organization preferred. First Aid & CPR certifications preferred.

Compensation:

Weekly compensation of \$600, based on a 40/hr week (8:00am-4:30pm). Pay will be prorated for missed hours/days.

Mandatory Training Dates:

General Training/Orientation is May 21st, 2022 from 9:30-12:30pm. At the general training, we will go over camp policies and procedures, tour of the museum and classrooms, and meet the Junior Camp Assistants assigned to your camps. If you are unable to attend, you will be provided with a virtual training option instead.

All teachers will also be required to complete one-on-one training with the Senior Director of Awesome prior to camp starting for each camp they have been assigned. Teachers will not be allowed to teach camp without completing the one-on-one training. These training sessions will be arranged individually. During individual trainings, you will receive curriculum for your assigned week and learn how to use the associated technology and equipment needed for your camp.

	Week 1 6/6-6/10	Week 2 6/13-6/17	Week 3 6/20-6/24	Week 4 6/27-7/1	Week 5 7/5-7/8	Week 6 7/11-7/15	Week 7 7/18-7/22	Week 8 7/25-7/29	Week 9 8/1-8/5	Week 10 8/8-8/12
